### **DETAILED ACTION**

1. Claims 2-4, 8-10, and 31-34 are allowed. These claims have been renumbered as claims 1-10.
2. Claims 1, 5-7, and 11-30 have been cancelled.

### ***Drawings***

3. The drawings filed on August 27, 2003 are accepted by the Examiner.

### **REASONS FOR ALLOWANCE**

4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "publishing, by a first log reader, first messages to a plurality of queues, the first messages comprising changes for transactions extracted from a log by the first log reader" and "sending synchronization messages between the first log reader and the second log reader; a first synchronization message of the synchronization messages being sent from the second log reader to the first log reader with second log reader restart information; and in response to the second log reader being behind the first log reader in reading the log based on the second log reader restart information, a second synchronization message of the synchronization messages being sent from the first log

reader to the second log reader, the second synchronization message comprising first log reader restart information having a first-last-queue-commit point timestamp, and suspending the publishing by the first log reader until the second log reader reaches the first-last-queue-commit point timestamp or the end of the log" as recited in independent claim 8 and similarly recited in independent claim 9.

The remaining claims, 2-4, 9, 10, and 31-34, are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
